

Seeking Infants and Toddlers

For an **autism** research study
at Brigham Young University

Do you have a child between 8 and 18 months old?

We are seeking children who

1. Have an older sibling with autism spectrum disorder (ASD), or
2. Do not have any relatives with autism spectrum disorder (ASD)

Earn between \$40 and \$175
(depending on participation
category)

Study Involves:

- A fecal sample
- A hair sample
- A computer task
- Questionnaires
